Top-Quality
Crane Equipment,
Service and Parts for
Western United States

Inquipco Bare Rentals

Inquipco maintains a fleet of cranes for short-term and long-term rental. Its fleet includes rough terrain cranes, boom trucks and crawler cranes. Inquipco's rigorous maintenance program ensures that cranes are field ready. Technicians know the wear and tear cycles for all parts and schedule replacements accordingly to avoid downtime.

Inquipco's top priority is keeping jobs running. If an issue comes up with a crane on a job site, Inquipco will send a technician ASAP – regardless of what happened. In the event that on-job damage has occurred, Inquipco will advise customers within 24 hours and provide an estimate within 48 hours.

Purchase New and Used Cranes from Inquipco

Because Inquipco constantly refreshes its fleet, it has a variety of used cranes for sale at competitive prices. Inquipco has a rigorous maintenance program for its equipment, so all used cranes are in top condition and come with detailed maintenance logs.

Inquipco is also a dealer/distributor and sells new equipment from Terex/DEMAG, Elliott and Manitex.

For both new and used equipment, Inquipco offers a rental-purchase option to qualified buyers.

Inquipco Service, Repair & Parts

Inquipco sells parts for cranes which can be purchased standalone or be installed by its repair and maintenance team which has extensive experience, mechanical knowledge and craftsmanship. Its parts and service teams provide quality, knowledge, dependability and responsiveness – available 24 hours a day, seven days a week.

Inquipco supplies parts for cranes, boom trucks, forklifts, manlifts, scissor lifts, compressors and welders. Its parts supply features: Terex, American, P&H, Lorain, Genie, Ingersoll-Rand, Elliott, JLG/Gradall and more.

Inquipco's factory-trained technicians are on call for in-house or on-site repairs. Service is available 24 hours a day, seven days a week to keep jobs running.

Inquipco Safety Training

In addition to its rigorous maintenance and safety assessment program to ensure that cranes are field ready, Inquipco also offers safety training. Inquipco's safety training is taught by instructors certified for OSHA, MSHA and outreach training. These programs can be presented at Inquipco's facility or at customer site.

Operated and Maintained Cranes

We recommend Mr. Crane for operated cranes and rigging solutions. Mr. Crane maintains a specialized fleet of on-highway and crawler cranes to support large, complex projects. For more information, call 714-633-2100 or visit online at www.mrcrane.com.

The Inquipco team is dedicated to providing excellent service and ensuring that customers' expectations are exceeded.
